### CALENDAR

1935-36

.

ISSUED BY THE VICTORIA BOARD OF SCHOOL TRUSTEES

#### IMPORTANT NOTICES

As the College Session is short, the student must be prepared to do intensive work from the first day of the Session to the last. Unless the student adapts himself to these conditions, his chances of success are slight.

The Principal and Staff are most willing at all times to give direction or advice, but the ultimate responsibility in the selection of courses rests with the Student.

# Regulation of Board of School Trustees of Victoria forbidding hazing and other unauthorized activities.

In any public school or college of the City of Victoria established and maintained under the provisions of the School Act or on the grounds of any such public school or college the following are forbidden:

#### 1. Hazing.

2. Any act by any pupil or student attending any of the above mentioned schools or college or by any one at all causing injury or likely to cause injury to any person or damage to school property.

Any pupil or student violating the above regulation will be liable to immediate expulsion.

Application for admission should be made as early as possible after August 19, 1935, at the offices of the Registrar, Victoria College. Out-of-town students may register by mail. Students registering for the first time must present their Junior Matriculation Certificates.

# VICTORIA COLLEGE In Affiliation with University of British Columbia

HE purpose of Victoria College is to give students of Victoria City, adjacent municipalities, and Vancouver Island generally, an opportunity of receiving instruction in the first two years in the Arts and Science course

(including Commerce) and in the First Year of Applied Science as prescribed by the University of British Columbia. Students can attend classes on the same curriculum as obtains at the parent University; they are submitted to the same tests and examinations, and may proceed directly to their next year in the University of British Columbia, or in any other University which accepts the certificates of the University of British Columbia.

The College building is situated near the junction of Yates and Fort Streets, within two minutes' walk of the street cars, and commands the most beautiful views of the City of Victoria, of the Gulf of Georgia, and of the Olympic Mountains in the State of Washington.

Students from a distance who intend to make teaching their life work, and who choose the Victoria Normal School as the place of their professional education, will find Victoria College admirably situated for the non-professional part of their studies, as they will be near the Principal of the Normal School, who is always pleased to give advice and assistance to young people who wish to enter the teaching profession.

#### THE STAFF

Percy H. Elliott, M.Sc. (McGill) ..... Principal Associate Professor of Science

E. Stanley Farr, B.A., LL.B. (Toronto), Assistant to Principal.

Assistant Professor of Economics and History

Jeffree A. Cunningham, B.A. (Queen's)..... Registrar
Assistant Professor of Biology and Zoology

Miss Jeanette A. Cann, B.L. (Dal.), Assistant Professor of English and Philosophy.

Mme. E. Sanderson-Mongin (Diplomee Paris), Assistant Professor of French.

Miss H. Ruth Humphrey, B.A. (Mt. Allison), M.A. (Oxon), Assistant Professor of English.

George P. Black, M.A. (Man.), Assistant Professor of Classics.

Edward J. Savannah, A.B., S.B. (Calif.), Instructor in Chemistry.

Robert T. D. Wallace, B.A. (Brit. Col.), Instructor in Mathematics.

Miss Margaret Ross, M.A. (Brit. Col.), Librarian and Instructor in History.

Miss Ruth E. Fields, B.A. (Brit. Col.), Assistant in Biology and Zoology.

Teresa J. Chappell, Assistant Registrar.

Edward B. Paul, M.A., LL.D. (Aberdeen), LL.D. (Brit. Col.), Principal Emeritus.

#### ACADEMIC YEAR = 1935-36

#### 1935

Monday, August 19th Office opens for registration. Monday, August 26th Matriculation Supplemental Examinations begin.

Wednesday, September 11th Supplemental Examina-

tions in Arts begin. Wednesday, September 18th Last day for registration.

Monday, September 23rd Lectures begin. Monday, October 7th — Last day for payment of first

instalment of fees, (Second plan.) Saturday, October 12th Last day for change in Stu-

dents' Courses, Monday, October 14th Last day for payment of first

Instalment of fees. (First plan.)

Friday, December 6th - Last day of Lectures for Term.

Saturday, December 7th Examinations begin. Thursday, December 19th Examinations end,

#### 1936

Monday, January 6th Second Term begins. Thursday, April 9th Last day of Lectures. Saturday, April 11th Sessional Examinations begin,

#### MATRICULATION

Matriculation requirements are those of the University of British Columbia.

#### GENERAL INFORMATION

#### The Session

The College Year or Session is divided into two terms. The first begins on Monday, September 23rd, 1935, and the second on Monday, January 6th, 1936.

#### Courses of Study

For the Session 1935-36 the College offers instruction in the first two years of the Faculty of Arts and Science (including Commerce), and the first year in the Faculty of Applied Science, leading to the degrees of Bachelor of Arts and Science, Bachelor of Commerce, Bachelor of Applied Science, Courses preparatory to Medicine, Nursing, Home Economics and Law are given in so far as the curriculum applies.

#### Board and Residence

A list of approved boarding-houses which receive men and women students, but not both, may be obtained from the Registrar. Men and women students are not permitted to lodge in the same house, unless they are members of the same family, or receive special permission from the Faculty.

#### REGISTRATION

#### Office Opens for Registration Monday, August 19th

#### Application for Admission

All inquiries for admission to the College should be addressed to the Registrar.

Except under special circumstances, no student under the age of sixteen is admitted to the First Year Courses in either of the Faculties. Candidates for admission to the courses in the First Year are required to pass the Junior Matriculation Examination of the Province of British Columbia, or to submit certificates showing that they have passed an equivalent examination elsewhere.

Students who have passed the Senior Matriculation Examination are admitted to the course of the Second Year in the Faculty of Arts and Sciences,

Students who have partial Senior Matriculation standing obtained in 1927 or subsequently, will be granted credit in First Year Arts in each subject in which they have made 50 per cent, or over, or in each paper in which they have made 50 per cent, or over in so far as these papers correspond with those of First Year Arts. Students over 18 years of age with full "Normal Entrance" standing who hold Normal School certificates are admitted to the College as having full Junior Matriculation standing.

Those who intend to register as students of the Victoria College for the session 1935-36 are required to make application to the Registrar before Wednesday, September 18th, on forms to be obtained at the Registrar's office.

There are three classes of students,

(a) Full Undergraduates — Students who have passed all the examinations precedent to the year in

which they are registered.

(b) Conditioned Undergraduates — Students proceeding to a degree, but who have incomplete entrance qualifications, or who are required to pass supplemental examinations in a year previous to that in which they are registered.

(c) Partial Students - Students not belonging to

one of the two preceding classes.

Partial students are not normally required to pass an examination for admission, but, before registering, they must produce a certificate showing that they have satisfied a Principal and the Heads of the Departments concerned that they are qualified to pursue with advantage the course of study which they propose to undertake Students living out of town may register temporarily by mail on forms obtainable at the College, provided they complete their registration by the opening day. All other students are required to attend in person at the office of the Registrar between Monday, August 19th, and Wednesday, September 18th, to furnish the information necessary for the College records, to register for the particular classes which they wish to attend, and to sign the following declaration:

"I hereby accept and submit myself to the statutes, rules, regulations and ordinances of the Victoria College and of the Faculty in which I am registered, and to any amendments thereto which may be made while I am a student of the College, and I promise to observe the same."

In the information furnished for the College records, students are requested to state what churches they propose to make their place of worship. This information is available for any of the city churches desiring it.

Students registering for the first time must present the certificates which constitute their qualifications for admission to the course of study for which they wish to register.

A student desiring to make a change in the course for which he has registered must apply to the Registrar on the proper form for a "change of course." Except in special circumstances, no change will be allowed after October 12th. If the application is approved by the Departments concerned, the Registrar will give the necessary notification.

A student who at any time wishes to discontinue a subject must give notice of his intention on a form to be obtained at the Registrar's Office.

#### ATTENDANCE

Students are required to attend at least seveneighths of the lectures in each course that they take. Admission to a lecture or laboratory and credit for attendance may be refused by the Instructor for lateness, miscouduct, inattention or neglect of study. Absence consequent on illness or domestic affliction may be excused only by the Principal, and medical certificates or other evidence must be presented immediately to the Registrar on return to College work. In cases of deficient attendance students may (with the sanction of the Principal and Head of the Department concerned) be excluded from the Christmas or the final examination in a course; but unless the unexcused absences exceed one-fourth of the total number of lectures in a course, such students may sit for supplemental examinations.

The College week is from Monday to Saturday inclusive, and lectures and laboratories may extend from 8 a.m. to 6 p.m.

#### FEES

All fees are payable at the office of the Registrar, Victoria College. Cheques should be made to the order of the Registrar, Victoria College. Arrangements for paying fees in instalments are described in the next section. The fees quoted below do not include cost of text pooks, personal expenses, etc.

For students doing 15 units (complete course) or more during the session:

Taition Fees	.\$100,00
Equipment Fee	2.00
Alma Mater and locker fees	0.00
Total	\$108.00

For students doing less than 15 units during the session (partial students):

Registration fee (required only of partial	
students registering at Victoria College	
for the first time)	\$20.00
Fee for each 3 unit course	
Equipment fee	
Alma Mater and locker fees	6.00

Special and Night Class Students:

The same as for partial students, except that the equipment fee, Alma Mater and locker fees are not collected.

The Alma Mater fee is turned over to the Students' Council for the support of student organizations, athletics, and social functions. The equipment fee covers damages to buildings and furniture, use of special materials in the laboratories, replacement of library books, etc. Should the sum collected be insufficient, a second amount may be collected from each student.

#### PAYMENT OF FEES

Fees may be paid by either of the plans described below. Parents or guardians of students are required to state at the time of registration which plan they propose to adopt. In the event of default of payment at any time under either plan, students will be excluded from classes, and will not be re-admitted until all outstanding fees have been met.

First Plan: Fees payable in two instalments. The first, consisting of one-half the tuition fee plus equipment fee, Alma Mater fee and locker fee, must be paid not later than Monday, October 14th, 1935. The second, consisting of the balance of the tuition fee, must be paid not later than January 15th, 1936.

Second Plan: Fees payable in one cash payment and five equal monthly payments. The cash payment, consisting of one-sixth the tuition fee together with the Alma Mater fee, locker fee and equipment fee, must be paid by October 7th, 1935. The balance of

the tuition fee must be paid in equal instalments at the end of October, November, January, February and March respectively,

#### SPECIAL FEES

Special Examinations (per paper) \$	7.50
Regular Supplemental Examinations (per	
paper)	5.00
The second of th	2.00
These fees must be paid in advance.	

#### SCHOLARSHIPS AND PRIZES

Second Year Students at Victoria College proceeding to a course of study in the University of British Columbia should note the page of the Calendar of that Institution concerning the Khaki University and Young Men's Christian Association Scholarships.

ROYAL INSTITUTION AND FRANK EATON MEMORIAL SCHOLARSHIP—Fifty dollars (\$50) awarded to the student taking the highest standing in the English of the second year.

AGNES DEANS CAMERON SCHOLARSHIP Given by Mrs. F. V. Longstaff. Fifty dollars (\$50) awarded to the first year student taking the highest standing in English and continuing the course in the second year at Victoria College.

ALLIANCE FRANCAISE—Prize of fifty dollars (\$50) to the student in the second year who has made the most progress in French and who intends to continue university work in this subject.

DAVID SPENCER, LTD, One hundred dollars (\$100) awarded to the first year student taking highest standing in Mathematics and continuing the course in the second year at Victoria College.

KIW VNIS SCHOL VRSHIP, 1935-36—One hundred dollars (\$100) awarded to a student completing first year and entering second year at Victoria College. Selection of the recipient to be made by the Kiwanis Club of Victoria in conference with the College Faculty.

- QUITA NICHOL BURSAKIES Two hundred dollars (\$200) donated annually to Victoria College by Mrs. W. C. Nichol, to provide scholarships in first and second year French. Two prizes of \$100 and \$50 respectively will be awarded in the first year, and one prize of \$50 in the second year. These prizes are normally awarded on merit, but, if necessary, special circumstances may be taken into consideration. Students must continue at Victoria College for their second year or the University of British Columbia for their third year.
- UNIVERSITY WOMEN'S CLUB One hundred dollars (\$100) awarded to the woman student taking the highest standing in her first year, and continuing her course in the second year at Victoria College.
- MAJOR F. V. LONGSTAFF Fifty dollars (\$50) awarded to the first year student taking the highest standing in Latin and continuing the course in the second year at Victoria College.
- THE KATHLEEN AGNEW SCHOLARSHIP One hundred dollars (\$100) donated for the purpose of stimulating the study of the History of Canada.
- THE BOOK PRIZES Donated by the French Government, through the French Consul, for special progress in the study of French.

The following scholarships are open to Matriculation students intending to proceed to Victoria College:

CECILIA GREEN MEMORIAL SCHOLARSHIP—One hundred dollars (\$100) awarded to the student of Victoria High School who ranks first

in general proficiency in the Junior Matriculation Examination of the University of British Columbia held in June. This scholarship is awarded only to a student in attendance at Victoria College or other institution approved by a special committee.

- VICTORIA WOMEN'S CANADIAN CLUB SCHOLARSHIPS (1) One hundred dollars (\$100) awarded to the female student resident in Victoria District (Vancouver Island south of the Malahat) making the highest standing in the Junior Matriculation Examinations, held in June, and registering for a full first year course in Victoria College the following September. (2) One hundred dollars (\$100) awarded to the male student resident in Victoria District making the highest standing in the same examinations and under the same conditions. Should the student, in either case, be awarded a scholarship from any other source, the Club Scholarship shall then revert to the student having the next highest standing.
- 1. O. D. E.—A scholarship of three hundred dollars (\$300) a year, for four years, awarded to the son or daughter of a soldier who was either killed or totally disabled in the Great War. This scholarship is open to any student in the Province, and applications should be sent to the Provincial Secretary of the I. O. D. E.
- ROYAL INSTITUTION JUNIOR MATRICULA-TION SCHOLARSHIP FOR VICTORIA DIS-TRICT—One hundred and fifty dollars (\$150) awarded for general proficiency in the Junior Matriculation Examinations. The winner must attend either the University of British Columbia or Victoria College.

## I.—COURSES LEADING TO DEGREE OF B.A.

(4 year course, two years of which may be taken at Victoria College)

#### First and Second Years

The work of the first two years consists of 30 units, 15 of which must be taken in each year.

Е	ach student must take:	
	· · · ·	Inits
(a)	English 1 in the First Year and English 2	
	in the Second Year	6
(b)	The first two courses in a language offered	
	for Matriculation, one course in each year	6
(c)	Mathematics 1, in the First Year.	3
(1)	Economics 1, or History 1 or 2 or 4, or	
	Philosophy 1a	3
(e)	Biology 1a, or Chemistry 1, or Physics 1	
	or 2	3
(f)	Three courses, not already chosen, selected	
	from the following: Biology Ia, Chemistry	
	1. Chemistry 2, Economics 1, Economics 2,	
	French 1, French 2, Economics 10, Greek	
	A. Greek 2, History 1, History 2, History	
	4, Latin 1. Latin 2b, Mathematics 2. Mathe-	
	matics 3, Philosophy Ia, Physics 1, Physics	
	2. Zoology 1	9
3.7	4-1	

Note.—Economics 1 and Philosophy 1a are open to First Year students only if the permission of the Heads of these departments is obtained. History 2 is open to First Year students only if they are preparing for entrance to the Normal School. Zoology 1, History 4 and Economics 10 are not open to First Year students.

A student taking three languages in the first two years may defer the course selected under (e) above until the Third or Fourth Year. A student taking four science courses may defer the course selected under (d) to the Third or Fourth Year.

Greek A (which may be taken by students having no previous knowledge of Greek), followed by Greek 2, will be accepted as satisfying the Language requirements in the case of students who have matriculated in Latin.

Students who intend to teach High School work, and consequently will be obliged to take the Teacher Training Course after graduating, are advised to take Philosophy Ia in the Second Year.

#### 11.

# COURSES LEADING TO THE DEGREE OF B.A.Sc. (APPLIED SCIENCE)

(5 year course, one year of which may be taken at Victoria College)

#### First Year

Students register in Arts and take the following courses: English 1, Mathematics 1, Chemistry 1. Physics 1 or 2, Latin 1 or French 1.

The bassing grade is 50 per cent in each subject, except in the case of Latin 1 or French 1, in which a grade of 40 per cent will be accepted, provided a general average of 60 per cent on the year's work (15 units) has been obtained. No student with any supplemental outstanding will be admitted to Second Year Applied Science.

Biology Ia, if taken as an extra optional subject, and passed with a grade of at least 50 per cent, need not be repeated in the Second Year. Economics I, taken in Arts, is accepted in lien of Economics in Applied Science.

A reading knowledge of French and German is desirable for students in Engineering.

# COURSES LEADING TO THE DEGREE OF B. COM. (COMMERCE)

(4 year course, two years of which may be taken at Victoria College)

#### First and Second Years

Students must take:

#### First Year-

- (a) English 1.
- (b) The first course in a language offered for Matriculation (Latin, French or Greek).
- (c) Mathematics 1.
- (d) Economics 1.
- (e) One course selected from the following: Biology Ia, Chemistry I, Physics 1 or Physics 2.

#### Second Year -

- (a) English 2.
- (b) A continuation course in the language taken in the First Year.
- (c) Mathematics 2 or 3.
- (d) Economics 2.
- (e) Economics 10.

A clear academic record at the end of the Second Year is required of all students proceeding to their Third Year. Students intending to enter Commerce at the University of B.C. after two years at Victoria College should inform the Registrar not later than March 31st.

Students taking Commerce are advised to obtain as much business experience during the summer vacation as possible.

### DOUBLE COURSE FOR THE DEGREES OF B.A. and B.A.Sc.

(6 year course, two years of which may be taken at Victoria College)

The requirements for the first and second years are as set forth for the first and second years of Arts except as follows:

- 1. Physics 1 or 2, and Chemistry 1 must be taken. The passing grade for each of these subjects, and for each part of Mathematics 1, is 50 per cent. Students are recommended to take Mathematics 2b (Calculus).
- Biology 1a, Chemistry 2 and Mathematics 2a may not be taken. These are covered later in Applied Science.
- 3. Two years in the language elected are necessary to count towards a degree.

Students intending to pursue courses in Medicine, Nursing, Home Economics, Law, Physical Education, etc., should obtain particulars of the requirements for these courses from the University or Institution at which they plan later to study.

#### NIGHT CLASSES

Special Night Classes in the First and Second Years of Arts are arranged at the beginning of each Session. These classes are not open to students registered in the regular day classes. No student may take more than one Night Class Course (3 units) each session. Night Class students are subject to the same regulations and examinations as day students.

The classes to be offered in 1935-36 will be announced at the beginning of the session. Students interested should write for particulars about September 15, 1935. The courses offered are chosen from the regular curriculum.

#### EXAMINATIONS AND ADVANCEMENT

- 1. Examinations in all subjects, obligatory for all students, are held in December and in April. Applications for special consideration on account of illness or domestic affliction must be submitted to the Registrar not later than two days after the close of the examination period. In cases where illness is the plea for absence from examinations, a medical certificate must be presented to the Registrar's office.
- 2. The passing mark will be 50 per cent in each subject. In the case of First and Second Year Arts and Science students who during one session do 15 units of regular work, an aggregate of 60 per cent with not less than 40 per cent, in each subject will be accepted. In any course which involves both laboratory work and written examinations, students may be debarred from examinations if they fail to present satisfactory results in laboratory work, and they will be required to pass in both parts of the course.
- 3. Successful candidates will be graded as follows: First Class, an average of 80 per cent. or over; Second Class, 65 to 80 per cent.; Passed, 50 to 65 per cent.
- 4. A student who makes 50 per cent, of the total required for a full year's work (at least 15 units chosen in conformity with calendar regulations), but who fails in an individual subject, will be granted a supplemental examination in that subject if he has not fallen below 30 per cent, in that subject. If his mark is below 30 per cent, a supplemental examination will not be granted. Notice will be sent to all students to whom supplemental examinations have been granted.

A student who makes less than 50 per cent, of the total required for a full year's work (15 units) will not be allowed a supplemental examination.

A partial student is not entitled to a supplemental examination.

- 5. A request for the re-reading of an answer paper must be forwarded to the Registrar WITHIN TWO WEEKS after the results of the examinations are announced. Each applicant must state clearly his reasons for making such a request in view of the fact that the paper of a candidate who makes less than a passing mark in a subject is read at least a second time before results are tabulated and announced. A re-reading of an examination paper will be granted only with the consent of the Head of the Department concerned. The fee for re-reading a paper is \$2.00.
- 6. Supplemental Examinations will be held in September. To pass a supplemental examination a candidate must obtain at least 50 per cent. If a student tails in the supplemental examination in a course, no further supplemental will be granted to that student in respect of that course. If the course is a required one the student must repeat that course; if it is optional, he must repeat it or take an alternative.

A candidate with a supplemental examination outstanding in any subject which is on the Summer Session curriculum of the University, may clear his record by attending the Summer Session course in the subject and passing the required examinations.

- 7. Applications for supplemental examinations, accompanied by the necessary fees (see schedule of Fees) must be in the hands of the Registrar at least two weeks before the date set for the examinations.
- 8. No student may enter a higher year with supplemental examinations still outstanding in respect of more than 3 units of the preceding year, nor with any supplemental examination outstanding in respect of the work of an earlier year or of Matriculation unless special permission to do so is granted by the Faculty. Such permission will be granted only when the Faculty is satisfied that the failure to remove the outstanding supplemental examinations had adequate cause.

- 9. A student may not continue in a later year any subject in which he has a supplemental examination outstanding from an earlier year, except in the case of compulsory subjects in the Second Year.
- 10. A student who is not allowed to proceed to a higher year may not register as a partial student in respect of the subjects of that higher year. But a student who is required to repeat his year will be exempt from attending lectures and passing examinations in subjects in which he has already made at least 50 per cent. In this case he may take, in addition to the subjects of the year which he is repeating, certain subjects of the following year.
- 11. A student who fails twice in the work of the same year may, upon the recommendation of the Faculty, be required by the Senate to withdraw from the College.
- 12. Any student whose academic record, as determined by the tests and examinations of the first term of the First or Second Year, is found to be unsatisfactory, may, upon the recommendation of the Faculty, be required by the Senate to discontinue attendance at the College for the remainder of the session. Such a student will not be readmitted to the College as long as any supplemental examinations are outstanding.
- 13. Certificates of students' standing are mailed only at the close of the April Examinations, but, on request to the Registrar, parents may obtain statements at any time during the Academic Year.
- 14. Term essays and examination papers will be refused a passing mark if they are noticeably deficient in English, and, in this event, students will be required to pass a special examination in English, to be set by the Department of English.

VICTO1

COLLEGE

#### DEPARTMENT OF CLASSICS

Assistant Professor: G. P. Black

#### GREEK

- A. Pharr, Homeric Greek, A Book for Beginners, Heath: Robertson and Robertson, The Story of Greece and Rome, Chapters 1-XXXII, Dent.
- 2. Homer, Iliad 1, Il. 250-611, Pharr, Heath; Plato Apology, with vocabulary, A. M. Adam, Cambridge Press; North and Hillard, Greek Prose Composition, Longmans, Green; Norwood, Writers of Greece, Oxford Press.

  Four hours a week, 3 units.

#### LATIN

Cicero, De Senectute, Shuckburg-Egbert, Macmillan; A Book of Latin Poetry, Neville, Jollitte, Dale and Breslove, Macmillan; Pilsbury, Latin Prose Composition, Clarendon Press; Robertson and Robertson, The Story of Greece and Rome, Chapters I-XXXII, Dent; Atlas of Ancient and Classical Geography, Dent.

Three hours a week. 3 units.

 Cicero, Pro Archia, Nall, Macmillan: A Book of Latin Poetry, Neville, Jollitfe, Dale and Breslove, Macmillan; Pilsbury, Latin Prose Composition, Clarendon Press; Robertson and Robertson, The Story of Greece and Rome, Chapters XXXIII-LIV, Dent; Duff, Writers of Rome, Oxford Press; Allen and Greenough, New Latin Grammar, Ginn; Atlas of Ancient and Classical Geography, Dent.

Three hours a week, 3 units.

#### DEPARTMENT OF ECONOMICS

Assistant Professor, E. S. Farr

1. Principles of Economics.—An introductory study of general economic theory, including a survey of the principles of value, prices, money and banking, international trade, tariffs, monopoly, taxation,

labour and wages, socialism, the control of rall-ways and trusts, etc.

Slichter, Modern Economic Society, Holt; Cole, Intelligent Man's Guide Through World Chaos, Ryerson; The Canada Year Book, 1935.

Three hours a week, 3 units,

2. Economic History.—A survey of the factors of economic significance from earliest recorded times, leading to consideration of the more important phases of European organization, with special reference to the Industrial Revolution, the progress of agriculture, and resultant social conditions.

Southgate, English Economic History, Dent; Toynbee, Industrial Revolution, Longmans; Knowles, Industrial and Commercial Revolutions, Dutton; assigned readings and references.

Three hours a week. 3 units.

10. Economic Geography.—A general survey of the principal resources and industries of the world, with emphasis on those entering into international trade, leading to a study of the principles and problems of transportation by sea.

MacFarlane, Economic Geography, latest edition, Pitman; Chisholm, Handbook of Commercial Geography, Longmans; assigned readings and references.

Three hours a week. 3 units.

#### DEPARTMENT OF ENGLISH

Assistant Professor: Jeanette A. Cann Assistant Professor: H. Ruth Humphrey

1. (a) Literature—Elementary study of a number of literary forms to be chosen from the short story, the play, the novel, the essay, the simpler sorts of poetry.

Hastings, Clough and Mason, Short Stories, Houghton-Mifflin.

Euripides, Electra, in Gilbert Murray's paraphrase.

Shakespeare, Hamlet.

Sheridan, The School for Scandal, Everyman.

Ibsen, A Doll's House, Everyman.

Monro, Twentieth Century Poetry, Chatto and Windus.

Two hours a week

(b) Composition — Elementary forms and principles of composition.

Foerster and Steadman, Writing and Thinking,

Houghton-Mifflin.

Two hours a week. 3 units.

The work in composition consists of (1) themes and class exercises, and (2) of written examinations. Students will be required to make a passing mark in each of these two parts of the work.

2. Literature—

Studies in the history of English Literature, Lectures and texts illustrative of the chief authors and movements from Tottel's Miscellany to Shelly.

Neilson and Thorndike, A History of English

Literature, Macmillan.

Heath's Readings in the Literature of England, Ed. Peete and Cross.

Three hours a week, 3 units.

#### DEPARTMENT OF FRENCH

Assistant Professor: Mme, E. Sanderson-Mongin

 Moliere, Le Bourgeois Gentilhomme, Didier. Maupassant, Contes. Nelson.

Ashton, A Preface to Moliere, Longmans, To-

Mills, Free Composition in French, Part 1, Nelson, Weekley, Tutorial French Grammar, Clive.

Three hours a week. 3 units.

#### Summer Readings

Upon entering the Second Year the student must satisfy the instructor that he has read two of the following books:

(1) Bernardin de St. Pierre, Paul et Virginie.

(2) Balzac, Eugenie Grandet.

(3) Saintine, Picciola, or Vigny, Poesies Choisies.

2. Fables de La Fontaine, with notes, by Thomas Keen, Dent, London.

Balzac, Gobseck, Oxford University Press.

Gautier, Le Capitaine Fracasse, Dent.

Conversation in French on the above.

Written resumes.

Composition from Mills, Free Composition in French, Nelson.

Dent's First Exercises in French Grammar, Dent, London.

There will be oral tests.

Three hours a week. 3 units.

One extra lecture per week, no credit or examination, for students interested in French.

Summer Reading for those proceeding to Third Year French. (See Calendar of University of B.C.)

#### DEPARTMENT OF HISTORY

Assistant Professor: E. S. Farr Instructor: Margaret Ross

1. Main Currents in Twentieth-Century History.—
This course completes the study of World history pursued in the high schools and offers a background for contemporary World problems. The following topics are discussed: The Great Powers at the Opening of the Century, Alliance and Entente, The Coming of the World War, The World War, The Peace Treaties, The New Map of Europe, Reparations and War Debts, Security and Disarmament, The League of Nations, The Russian

Revolution and the U.S.S.R., Italy and Fascism, Germany from Empire to Third Reich, Post-War Britain and Democratic Europe, The New Baikans, The Little Entente and Poland, Nationalism and Imperialism in the Par East, The United States and World Peace.

Text-books: Benns. Europe Since 1914; Langsam, The World Since 1914; Cole, The Intelligent Man's Review of Europe Today; Schmitt, The Triple Alliance and Triple Entente; J. F. Horrabin, Atlas of Current Events.

Essays will be assigned throughout the Session.
Three hours a week. 3 units.

#### 2. Canadian History-

- (a) Outlines of Canadian History—Geographical factors; exploration and early settlements; political and constitutional development to Confederation; economic and social history; The Dominion of Canada since 1867; Canada in the Empire; Canada in the world.
- (b) The History of British Columbia. Early explorations, Spanish, Russian and British; Maritime fur-trade; Overland fur-trade; the North West Company; The Hudson's Bay Company in Old Oregon; the Colonial Period; Confederation; the Province of British Columbia.

Text-books: Lucas and Egerton, A Historical Geography of Canada, Parts I and II, Clarendon Press: Skelton, The Canadian Dominion, Vale University Press; Newbigin, Canada; Wittke, A History of Canada; Howay, British Columbia, the Making of a Province, Ryerson: Sage, Sir James Douglas and British Columbia; Sage, Outline of British Columbia History.

Essays will be assigned throughout the session.

Three hours a week. 3 units.

4. Mediaeval History.—This course is intended for Second Year students who expect to specialize in History.

Thompson, History of the Middle Ages, Norton. Minro and Sontag, The Middle Ages, Century

Scott, Hyma and Noves, Readings in Mediaeval

History, Crofts.

Three hours a week, 3 units,

#### DEPARTMENT OF MATHEMATICS

Instructor: Robert T. D. Wallace

Courses 2 and 3 are open only to students who have completed Course 1.

1. (a) Algebra—An elementary course, including ratio, proportion, variation, interest and annuities, theory of quadratic equations, simple series, permutations, combinations, the binomial theorem, logarithms.

Wilson and Warren, Intermediate Algebra.

Chapters 1 to XV, Oxford.

Wentworth and Hill-Five place Logarithmic and Trigonometric Tables. Ginn.

Four hours a week. First term.

(b) Analytical Geometry—Fundamental concepts, loci, the straight line and circle.

Nowlan, Analytical Geometry, McGraw-Hill .

Two hours a week. Second Term.

(c) Trigonometry—An elementary course involving the use of logarithms.

Playne and Fawdry, Practical Trigonom-

etry, Copp Clark.

Two hours a week. Second Term. 3 units.

Algebra—The binomial theorem, complex numbers, induction, remainder theorem. Horner's method, exponential, logarithmic and other series, undetermined coefficients, partial fractions, convergence and divergence, determinants.

Wilson and Warren, Intermediate Algebra (Larger Edition), Oxford.

Two hours a week

(b) Calculus—An introductory course in differential and integral calculus, with various applications.

Woods and Bailey, Elementary Calculas (Revised Edition), Gum.

One hour a week, 3 units.

3 The Mathematical Theory of Investments—This course deals with the exponential law, the power law, curve fitting, the theory of interest, annuities debentures, valuation of bonds, sinking funds, depreciation, probability and its application to life insurance

Bauer, Mathematics Preparatory to Statistics and Finance, Macmillan; Hart, Mathematics of Investment (with tables), revised edition, Heath.

Three hours a week, 3 units.

#### DEPARTMENT OF PHILOSOPHY

Assistant Professor: Jeanette A. Cann

 (a) Elementary Psychology—Text-book to be selected.

Three hours a week, 3 units,

### DEPARTMENT OF BIOLOGY AND ZOOLOGY

Assistant Professor: J. A. Cunningham Assistant: Ruth E. Fields

Biology Ia Introductory Biology. The course is introductory to more advanced work in Botany or Zoology; also to courses closely related to Biological Science, such as Agriculture, Forestry and Medicine.

The fundamental principles of Biology; the interrelationship of plants and animals; life processes; the cell and division of labour; life-histories; relation to environment.

A list of reference books is supplied. Two lectures and three hours laboratory per week. 3 units.

Zoology 1—General Morphology.—General morphology of animals; comparative anatomy; relationships of animal groups; comparative life-histories.

A list of references is supplied.

Prerequisite: Biology 1a.

Two lectures and three hours laboratory per week.

# DEPARTMENT OF PHYSICS AND CHEMISTRY

Associate Professor: Percy H. Elliott Instructor: E. J. Savannah

Physics 1—Introduction to Physics.—A general study of the principles of mechanics, properties of matter, heat, light, sound and electricity, both in the lecture room and in the laboratory. The course has two objects: (1) to give the minimum acquaintance with physical science requisite for a liberal education to those whose studies will be mainly literary; (2) to be introductory to the courses in Chemistry, Engineering and Advanced Physics. Students must reach the required standard in both theoretical and practical work. Open only to students who have not matriculated in Physics.

Text-book: Millikan, Gale and Edwards, A First Course in Physics for Colleges, Ginn.

Three lectures and two hours laboratory per week. 3 units.

Physics 2—Elementary Physics.—This is a general course in Physics suitable for those students who have obtained standing in Junior Matriculation Physics or its equivalent. It covers mechanics, properties of matter, heat, light, sound, electricity and some of the more recent developments and theories.

Text-book: Chant and Burton, A Text-Book of College Physics, Copp Clark.

Three lectures and two hours laboratory per week.

Chemistry 1—General Chemistry.—The course comprises a general survey of the whole field of Chemistry, and is designed on the one hand to provide a thorough groundwork for further study in the sciences and on the other to give an insight into the methods of chemical investigation, the fundamental theories and some important applications such as are suitable to the needs of a cultural education. Students must reach the required standard in both lecture and laboratory work.

Texts: Smith's College Chemistry, revised by Kendall, 1929 Edition, the Century Co. Laboratory manual to be selected.

Three lectures and three hours laboratory per week.
3 units,

Chemistry 2 Qualitative and Quantitative Analysis.

(a) Qualitative Analysis.—A study of the chemical reactions of the common metallic and acid radicals, together with the theoretical considerations involved in these reactions,

Text: A. A. Noyes, Qualitative Analysis, Macmillan.

Reference: Miller, The Elementary Theory of Qualitative Analysis, The Century Co. (b) Quantitative Analysis.—This course embraces the more important methods of gravimetric and volumetric analysis.

Text: Willard and Furman, Quantitative Analysis, Van Nostrand.

Prerequisite—Chemistry 1. Course (b) must be preceded by Course (a).

One lecture and six hours laboratory per week. 3 units.

#### TIME TABLE

#### Supplemental Examinations September, 1935

#### Wednesday, September 11th-

9 a.m. History 1, History 4, 1 p.m.--English 1 (a), English 2.

#### Thursday, September 12th-

9 a.m.—Latin 1 (Authors and History). Latin 2 (Authors).

I p.m.—Chemistry 1, Chemistry 2, Latin 1 (Prose and Sight).

#### Friday, September 13th-

9 a.m. French 1, French 2. 1 p.m.—Greek A, Greek 2. Mathematics 1 (b).

#### Saturday, September 14th-

9 a.m. - Physics 1, Physics 2,

#### Monday, September 16th-

9 a.m. Mathematics I (c), Mathematics 2 (b), Zoology I.

1 p.m. - Muthematics 1 (a), Mathematics 2 (a), Philosophy 1 (a).

#### Tuesday, September 17th-

9 a.m. English 1 (b), Latin 2 (Prose and Sight), 1 p.m. Biology 1, Mathematics 3,

#### Wednesday, September 18th-

9 a.m. - Economics 4, Economics 2,

1 p.m Economics 10.

N.R. In case of conflicts, special arrangements will be made.

#### SCHOLARSHIP WINNERS

#### 1933-34

Eric E. Lewis
Victoria Women's Canadian Club Scholarships (from Matriculation)— Prize No. 1Eric E. Lewis, by reversion to Hing Hope, by reversion to John S. Garrett,
Prize No. 2
I. O. D. E. Bursary (from Matriculation)
Cecifia Green Memorial Schofarship (from Matriculation)Mmr Hope
Royal Institution and Frank Eaton Memorial Scholarship Ione Acland
Agnes Deans Cameron Schofarship
Alliance Française Prize
David Spencer, Ltd., Scholarship
Kiwanis Scholarship, 1933-34
University Women's Club Scholarship
Kathleen Agnew ScholarshipLinda Smith
Major Longstaff PrizeElizabeth C. Rigby, by reversion to Beatrice M. Hastings.
Quita Nichol Bursaries—
1. Harold R. Horne.
2. Evelyn D. Prisk.
3. Elza E. Lovitt.
Khaki University and Young Men's Christian Association Memorial Bur- garies——lone Acland, Walter Ashford, Olive J. Biller, Frederick W. Flick, Paul E. Layard.
Book Prizes, donated by the French Government-
Flora C, Fairweather and Beatrice M, Hastings.
Special Prize to Leader in Second Year Commerce C. Alan Mayhew
Slide-rule Prize in Science
Special Prize in Latin and Greek
<del></del>
Leader of First Year
Leader of Second Year
